

**IN THE CLAIMS:**

Please amend Claims 13, 16 and 17 as follows:

F1 4<sup>13</sup>. The plunger of Claim 3<sup>11</sup> wherein one or more of the three seals is slightly larger than an opening of a standard sink or drain.

7<sup>16</sup>. The plunger of Claim 2<sup>11</sup> wherein said handle is releasably connected to said bellows.

F2 6<sup>17</sup>. The plunger of Claim 2<sup>11</sup> wherein said handle is of unitary construction with said bellows.

**REMARKS**

This application is a continuation associated with prior application Serial No. 08/637,894 filed April 25, 1996. The application was abandoned and a Petition to Revive was filed on May 1, 1999. This Petition was apparently granted since a filing receipt, and three Office Actions were issued for this case, and a Request for Continued Examination was granted, however no paperwork showing the grant of the petition has been received by the applicant. The applicant respectfully requests a copy of the paperwork showing that the Petition to Revive was granted. Applicant has requested this paperwork previously but has not received a copy.

**I. The Rejection of the Proposed Drawing Changes.**

The Examiner rejected the proposed drawing changes/formal drawings because they contain new matter. Applicant disagrees with this contention that the drawings contain new matter, but in the interest of furthering prosecution submits proposed drawing changes with respect to the original drawings. The applicant has
